AA

Adeola Adeniji

Professional summary

I am a frontend Developer at Lagos and also a content creator

I am self-taught and I love talking & writing about Web development & software development in general
I have been coding for over 5 years and am currently a Frontend Engineer with experience in working with really great frontend designs and development with
extensive knowledge of building and working on responsive views having integrated and worked with teams from different parts of Nigeria.
My favorite programming language is javascript.
And I use a variety of frameworks like React, Angular.
I am on a journey to make web Development(Html,Css, Javascript) knowledge and accessible to everyone.
